Produced by the Arts Council for Monterey County and the Monterey County Business Council

Monterey Bay 365.com is a marketing program provided by the **Arts Council for Monterey County** and the **Monterey County Business Council**, developed as a project of the Monterey County Competitive Clusters (C²) (www.competitiveclusters.com) economic development program. The Arts Council brings proven leadership and commitment to the arts while the Monterey County Business Council provides the public-private partnership framework to gain community support and private dollars that will drive the successful implementation, adoption and sustainability of this project. We take full responsibility for all aspects of maintenance, development and marketing of the site.

Powered by The Artsopolis™ Network

Artsopolis.com (www.artsopolis.com) was launched in August 2003 in partnership with Arts Council Silicon Valley and the San Jose Convention & Visitors Bureau with multimillion dollar investment by the Knight Foundation, Hewlett Foundation, David and Lucile Packard Foundation, Adobe Foundation at Community Foundation Silicon Valley, Applied Materials, and National Endowment for the Arts. This system has proven so successful that the fast-growing Artsopolis™ Network now provides licensing and system support for communities around the country.
